a) Reserve the right to change assets or investment proportions.

The management company will use its discretion to change the invested assets or the investment proportion only if it is done under necessary and appropriate circumstances. It is important to protect the interests of investors, without significantly changing the risk of the invested assets. The management company may consider investing in other debt instruments instead, and/or in addition to the instruments listed above such instruments will be under the investment framework of the management company. The estimated rate of return of the instruments invested may change. Such changes may cause unitholders to not receive returns at the estimated rate.

b) We reserve the right to change the expenses of the fund.

Fund expenses (Administration fee included) can be changed as appropriate. In the event that the fund receives a higher return than what was disclosed when the investment units were offered for sale. The management company may charge an additional management fee, provided that it does not exceed the management fee ceiling specified in the project.

- In the case of unusual circumstances and/or events that are believed to have an impact on the fund and/or the value of the securities in which the fund invests, such as market abnormalities. There is a significant economic or political change, etc. and/or an event occurs where the management company assesses that various factors have a chance of not being as expected by the management company. The management company reserves the right to adjust investment strategies that differ from those specified. For practical suitability in that situation within the established investment policy framework. Taking into account the overall benefits of the fund and assuming that it has been approved by unitholders.
